

New Prize idea for 2021 and Beyond

These proposed Prizes would be based on Number of Spots Moved for each date range.

While Entries in the upper ranges will be unable to win these prizes, it is designed to keep the lower level sheets involved.

IMPORTANT: Prizes based on Number of Standings Spots moved, not HRs hit for the date range.

Less than 3,000 Entries and these Prizes would not be awarded.

3,000 to 6,999 Entries and each Date Range would get back the \$15 Entry Fee.

7,000 or more Entries the Prize would be \$1 for every day covered by a Date Range.

The Prize Dollars would come from the \$12 of the Entry Fee dedicated to Total Season Prizes.
